For North Carolina—Fair Wednesday and Thursday; light west winds.

Of course John Charles Mc now nows that he can soar on the ings of Pegasus with more immity than he can scorch in an ..otoriferous auto.

Georgia hasn't any Breathitt county but she can point Kentucky to the fact that her feuds are based on an apparent plan of equal distribution.

President Roosevelt's policy is generally commended but his policy does not insure any supporting action on the part of his Republican Congress.

On account of a bumper crop Kansas is preparing to hold a "corn carnival." We guess those guys will take on over ten year old corn more than they will the new corn.

"The genius of the world has given us horseless carriages," gloats an exchange. Thank goodness, however, no evil genius of the world has yet butted in with the girlless telephone.

A New York telephone girl married a man and he died leaving her a young widow with $20,000,000. She should never forget him but also never think of him as in a state where she can "call him up."

Mayor Woodward, of Atlanta, has sworn off. Probably he had his fingers crossed while he was swearing off but if he didn't he should be ware of Rip Van Winkle's way—"this one don't count."

The National Farmers' Congress which just concluded its annual meeting in Richmond dipped into politics. If it don't "lay by" its crop of politicians we can now see its finish casting shadows on the wall.

Poet John Charles McNeill, of the Charlotte Observer, who was hurt in the automobile accident, telegraphs the Observer that the people of Winchenden, Mass., cared for him "beautifully" and that he was able to go on with Governor Glenn and party who were leaving for the White Mountains. It is gratifying that the Scotchman was not seriously injured and equally so that he fell among good Yankee Samaritans.

EUGENIE BLAIR TO-NIGHT.

Ibsen's "A Doll's House" at the Academy This Evening.

To-night the Academy will offer the drama and for the attraction Miss Eugenie Blair will present Ibsen's "A Doll's House." Seats are now on sale at Plummer's and only the first two rows down stairs and the boxes are held at $1.50 prices. Of Miss Blair and company the Goldsboro Argus says:

"Those who witnessed the presentation of "A Doll's House" by Miss Eugenie Blair and her competent company in the Messenger Opera House Saturday night will not soon forget the splendid—the faultlessly natural acting of Miss Blair. A woman of brilliant intellect, she interprets her role with a precision that is most satisfying; an actress of fathomless genius, she is capable of charming an intelligent audience by her winsome personality, while in wealth of voice and gracefulness of bearing she so charms and holds you that the actress is forgotten and the original alone lives and moves before you."

BEFORE THE MAYOR.

Some Rather Hard Citizens Dealt With—Reckless Driving.

In the Mayor's court yesterday Gealie James was the star actor. Gealie is the negro who ran amuck with a pistol in a negro settlement, north of the railroad, Monday afternoon. He was weighed in the balances and found wanting at the trial. For a simple assault he was given 30 days and for assault with a deadly weapon by firing a pistol at another negro, he was bound over to Superior Court in bond of $50, which he could not give.

Another negro of bad record, Nelson Jenkins, alias "Liver Wush," was given 30 days for vagrancy and an additional "thirty" for an assault.

Rebecca Moore could not make good her prosecution against Mary Brown, for disorderly conduct, and was taxed with the costs.

Three defendants, charged with violating the driving ordinance for congested portions of the city, were instructed in the law which they were charged with violating, and were discharged with the admonition to "go and sin no more."

Royal Arcanum Rates.

A large number of members of Cornelius Harnett Council, Royal Arcanum, met last evening at the Council hall to consider the report of the committee appointed at the last regular meeting relative to the new rates lately levied by the Supreme Council and which have met with much criticism, opposition, censure and protest. The report of the committee was quite an exhaustive one and besides able, it denoted care and much research, protesting against the action taken at "Put-in-Bay" as unnecessary unwise, iniquitous and a presumptive effort to eliminate from the order the older men. The committee's report was unanimously adopted and the action of the conference will be reported to the next regular meeting for approval. In the meanwhile the committee is instructed to have the report printed and widely distributed throughout the order and to the numerous councils.

Fire Yesterday Morning.

A small fire in a shed at the rear of Farris' bakery, No. 109 South Front street, called out the Department a few minutes after 5 o'clock yesterday morning. The building is owned by Hon. Jno. D. Bellamy and was damaged to the extent of about $50. The damage to the bakery effects in the shed was possibly less. There was no insurance on the contents. The fire probably originated from an oven in the shed.

MUNICIPAL AFFAIRS

Board of Audit and Finance in Regular Semi-Monthly Session Yesterday

PURCHASE OF A FIRE BOAT

Committee Yesterday Inspected Craft Offered by Capt. Wm. St. George, of Southport—Will Decide Later.

The Board of Audit and Finance was in regular semi-monthly meeting yesterday afternoon at 4 o'clock. Mr. S. P. McNair presided in the absence of Chairman McQueen, who is in Spartanburg, S. C., and Mr. C. W. Yates, who is absent in New York. The only members in attendance were Mr. McNair, Mr. Jesse Wilder and Mr. J. A. Orrell. The business of the meeting was largely routine and of an unimportant character.

Approval of the light bill was deferred for information. It appears 98 arc lights are charged for, whereas the Finance Board has official record of only 95. The matter will be explained later by the Light Committee and the bill will be paid.

Chairman O'Brien, of the Streets and Wharves Department, was present and explained several matters which that Department has before the Board. One was the question of drainage in view of the laying of the brick pavement on North Fourth street. Mr. O'Brien explained that he and City Engineer Matthew and Superintendent of Streets Pickett had gone over the work and it appeared that the drainage would have to be to Smith's Creek instead of to the river. About four blocks of terra cotta pipe would have to be laid and he asked an appropriation for that work. The Board took the ground that the matter should first come properly before the Board of Aldermen, Mr. O'Brien said that was satisfactory.

While before the Board Mr. O'Brien took occasion to make a few remarks along the line of criticism of the work and the men in the Streets and Wharves Department. He said that kicking was always to be expected but he hoped the Audit and Finance Board would suspend judgment upon all complaints until he could investigate and explain. Much of the kicking was senseless and out of place.

The Fire Boat.

Chairman Martin Rathjen and Alderman W. E. Yopp, of the Fire Committee, and Chief Chas. Schnibben yesterday went down to Southport and inspected the new craft offered for sale to the city by Capt. Wm. St. George as a fire boat. The party enjoyed the trip as the guests of Capt. Jno. W. Harper, on the steamer Wilmington and returned in the afternoon. The new boat has not yet been launched but the committee was well pleased with it, the price being the only object in the way. The appropriation for the purchase and equipment of the fire boat is only $2,000 and the committee must work within the limit so far as possible. A meeting of the committee will be held the latter part of the week at which the matter will probably be finally settled.

The boat offered by Capt. St. George is 51 feet long, 13-foot beam, and will draw about three feet of water. It is equipped with a Lamb's gasoline engine of 27 horse power.

RED MEN'S FALL FESTIVAL.

Advertising Committee is "Getting Busy" for I. O. R. M. Carnival.

The Advertising Committee of the Red Men's Fall Festival to be given here the week of October 16th to 21st is already at work and soon the bill boards of the city will be resplendent with attractive lithographs calling attention to the big fete. The committee promises the biggest and brightest street fair the city has seen in recent years and if enthusiasm and work will bring that result, there is no gainsaying the statement.

Yesterday several thousand buttons, bearing an emblem of the order and giving the name and date of the fair, were distributed. From time to time the Advertising Committee will introduce other novelties and the carnival will no doubt be the "Whole thing" while it lasts.

CALL TO THE LADIES.

Meeting This Afternoon in Behalf of Light Infantry Bazaar.

All ladies interested in the coming Wilmington Light Infantry bazaar, and there are scores upon scores in the city, are requested to meet this afternoon at 5 o'clock at the armory for the purpose of attending to affairs in connection with the fete and for which the delicate hands of the ladies are needed. It is hoped that all the ladies will attend the meeting so that arrangements may be gotten under way at once and rapidly pushed to completion.

Sunset Hill Property.

There were filed for record at the Court House yesterday two deeds from Messrs. J. G. Wright & Son to Capt. Ellis Sherman and W. W. Christian and wife, who have purchased lots on the "Sunset Hill" property which is now being developed by the real estate agency named. The consideration in each instance is $575. Capt. Sherman purchases a lot on west side of Third, 264 feet south of Davis street, 33x133 feet in size, and W. W. Christian and wife purchase the lot adjoining on west side of Third, 297 feet south of Davis street, 33x133 feet in size.

Y. M. C. A. Gymnasium Classes.

The gymnasium classes at the Y. M. C. A. begin on October 3rd. The schedule of the classes is announced as follows: Young Men, Tuesdays, Thursdays and Saturdays, at 8:30 P. M.; Business Men, Mondays, Wednesdays and Fridays, at 6:15 P. M.; Juniors, Mondays, Wednesdays and Fridays, at 3:30 P. M. The working boys will meet with the young men on Tuesdays, Wednesdays and Saturdays at 8:30 P. M.

FIELD MINSTRELS BIG HIT

Immense Audience at Academy Last Night to Witness Production By Premier Minstrel Organization.

Brought up to the times, of course, it is the same grand, gorgeous production of modern minstrelsy with a wealth of scenic embellishment and a stage full of clever people. Reference, of course, is to Al. G. Field's Greater Minstrels, which were seen last night at the Academy of Music by an overflow audience—possibly the largest since Field was here last year. The weather was oppresively hot, but it mattered little to the puffing perspiring throng that laughed and mopped with handkerchiefs; laughed some more, mopped again and again until the curtain was rung down on the last merry melange of mirth and melody.

There was a total lack of common place in the performance; the songs and jokes were new and refined; the costumes were just what one would expect in a Field production, and all in all there appeared to be nothing lacking.

The first part is christened "The Gridiron Club," and shows the famous Washington club in all its glory. National and inter-national celebrities were introduced with their marked characteristics brought out in such bold relief as to require no guessing on the part of the audience. Some of the exceptionally clever song artists were Reese V. Prosser, William Moore, Harry Ernest and others. Billy Clarke, Dave Nolan, Tom Powell, "Doc." Quigley and John Healy kept the comedy going with a snap and flourish that was entirely satisfactory.

The olio was up to the old-time standard, which is good. The "Darktown Band," the Flood Brothers in an acrobatic stunt, Billy Clarke, in a clever monologue, the Quaker City Quartette and other features took well.

The after-piece entitled "The Dances of Nations" was very clever and was accompanied by pretty scenic effects.

Al. G. did not go on himself with the usual jargon about "Br'er Anderson" and some of his friends are unkind enough to tell him the show was better for it.

ARTESIAN WATER SUPPLY.

Experts at Washington Talk of Probabilities in Wilmington.

Relative to the assistance the United States government will give to this section in its effort to provide a pure water supply from artesian wells, the Washington correspondent of the Raleigh News and Observer sends that paper the following:

"Washington, D. C., Sept. 18.—At the request of business interests of Wilmington, N. C., the United States Geological Survey will make an exhaustive survey of the artesian water supply of that vicinity. The depth of the water bearing strata, the quality and head of water and the mineral and other elements contained in the water will be given special consideration.

"Director Wolcott, of the Geological Survey, said today that Wilmington lies on the outer edge of a plain consisting of unconsolidated beds of sand which outcrop in vicinity of the fall lines of rivers and then dip seaward beneath laterbeds. The outcrop of porous strata serve as collecting ground for water. Wells have been successfully drilled in these strata, and the experiments in New Jersey, Maryland and Georgia, lead to the conclusion that fine flowing wells may be obtained in the vicinity of Wilmington. The investigation will be conducted by M. L. Fuller, of the Geological Survey, acting with the Geological Survey of North Carolina."

LOCAL PORT PARAGRAPHS.

Arrival and Departures of Vessels—Second Cargo of Cotton.

The British steamer Bloemfontein, 1,718 tons, Capt. Jones, arrived yesterday from New York for cargo of cotton from Messrs. Alexander Sprunt & Son.

The steamer Tar Heel arrived at 10 o'clock last night from Fayetteville. Besides the regular freight her decks were piled high with cotton and a flat was brought in tow for the overflow cargo of the white staple.

The Norwegian steamer Kingswood, Capt. Olsen, cleared yesterday for Bremen with the second cargo of cotton from Wilmington this season. The cargo consists of 6,300 bales, valued at $336,000 and consigned by Messrs. Alexander Sprunt & Son.

The Cylde Liner New York did not arrive until yesterday afternoon, being about 10 hours late. The Navahoe, on her New York trip this week was nearly 48 hours late, having passed out at Southport at 8:30 o'clock Monday night.

WRECK AT PEE DEE, C. S.

Box Cars Jumped The Track and Delayed Trains.

Yesterday afternoon's Florence Times says:

"Several box cars were derailed near Pee Dee last night, causing the road to be blocked for several hours. Train No. 35 was delayed four hours on account of the trouble. The wreck is not serious from what could be learned. The cars jumped the track and did some damage. The wrecking train was sent from here to replace the cars which will be brought back here for repairs. The cause of the accident could not be learned. The morning train went through without delay.

On Serious Charge.

John McKoy, colored, who lives near the old Union depot in the northern part of the city, was arrested by the police last night on a charge of violating the sanitary ordinances of the city by keeping spoiled meats on his premises. It appears from general report in the neighborhood, that McKoy buys refuse at the market for some purpose and that at his house it is offensive to other residents in that section. The case will be tried in the Mayor's court to-day at noon.

EDGAR J. BEAR DEAD

Well Known Young Wilmingtonian Died Monday in Far Western City

REMAINS BROUGHT HERE

Brother of Messrs. I. M., H. C. and Victor Bear, of this City—On Vaudeville Stage—News Received Through B. P. O. E.

Through the instrumentality of the lodge of Elks at Salt Lake City, Utah, relatives in this city yesterday learned through a private telegram to Past Exalted Ruler H. J. Gerken, of the Wilmington Lodge, that Edgar J. Bear, a well known young man of this city, had died there the night previous. The telegram gave no particulars but arrangements were at once set on foot by members of the family to bring the remains here for interment.

Young Mr. Bear for several years had been engaged with one and another of the large circus organizations that travel the country, but lately had been with a theatre company playing vaudeville in the West. He was known to the stage as "Eddie Merode" and that probably accounts for the fact that the news of his death did not come sooner and more direct to the family in this city. Young Mr. Bear was generous, whole-souled, a good fellow, and the news of his death was received here with sadness by many friends.

A press dispatch sent out from Salt Lake City says that young Mr. Bear died in his room on the third floor of a Chinese restaurant in Salt Lake City, such establishments being numerous and largely patronized by theatrical folks in the West. Private advices to the family indicate that death was from natural causes.

The deceased was 29 years of age and was a son of the late Marcus Bear, who during his life was one of the city's most substantial and prosperous citizens. He leaves three brothers, Messrs. I. M. Bear, Henry C. Bear and Victor Bear. The first mentioned is now in New York city, but he was at once notified of the death and will return home Thursday evening.

Owing to the strict quarantine regulations the remains of Mr. Bear will have to be sent North and around the infected district and they will probably not reach here until Saturday. The Express company has been telegraphed to handle the casket with all possible dispatch.

Mr. Geo. A. Croft, Capt. A. P. Adrian and Mr. L. E. Hall, of this city, who recently went on the Pacific Coast tour saw young Mr. Bear in Salt Lake City, and brought home to the family good tidings of their brother. At that time he was remarkably well, appeared to be doing well in his profession and was in the best of spirits. The news yesterday, for that reason, was a shock to everyone here. In a letter to his brother, Mr. H. C. Bear, last week young Mr. Bear wrote home encouragingly and said that he had never been in better health.

The funeral here will probably be conducted with B. P. O. E. honors. The exact time of the services will be announced after it is ascertained when the remains will arrive.

SEABOARD OFFICIALS HERE.

President Barr and General Superintendent Here on Inspection.

President J. M. Barr and General Superintendent C. H. Hix, of the Seaboard Air Line, spent a couple of hours in the city yesterday, having arrived on the noon train from Charlotte and returned the same afternoon. The officials were on a regular inspection trip of the Carolina Central division of the system and their presence here is said to have had no special significance at this time. However, it is believed that in the near future material improvements are to be made to the road bed of the Carolina Central, between here and Hamlet. Traffic on this end of the line has increased immensely, necessitating the running of heavier engines and more trains and improvements to the road bed is imperative. Certain improvements, including a new passenger depot at Lumberton, have been suggested by the Corporation Commission of the State and it is expected that work will begin very soon.

General Superintendent Hix until a short time ago was division superintendent of this district and is fully acquainted with the exigences of the occasion.

CONDITION OF MR. VAUGHAN.

Man Who Attempted to End His Life is Improving.

The condition of Mr. J. Oscar Vaughan, who made an attempt upon his life at The Orton hotel Sunday under such unfortunate circumstances, was reported from the hospital last night as somewhat improved. He continues rational at times and unless unforeseen complications set in, the patient will probably be able to be taken home by the last of the week. Mr. Estes Vaughan, a brother of the injured man, arrived yesterday from Lexington, Va., and called at the hospital.

Everywhere the sincerest sympathy of Wilmington people is expressed for the wife especially and for others in this, their hour of trouble.

Fayetteville Improvement Bonds.

Fayetteville Observer: Mayor McMillan and City Clerk H. J. McBule this morning attached their signatures to sixty bonds of $500 each, representing the $30,000 bond issue of the City of Fayetteville, voted for the purposes of enlarging the Electric Light Plant, and cancelling the present indebtedness. The bonds were sold to Seasongood & Meyer, of Cincinnati, and draw 5 per cent. interest for 30 years. Accompanying the bonds was a check from Seasongood & Meyer for $32,367.95, the amount of the bonds, premium and accrued interest. The bonds were returned to Seasongood & Meyer on the noon train."

—Messrs. C. C. Hargrave, Lexington; R. Y. McPherson, Raleigh; Col. W. B. Fort, Pikeville, and Mr. and Mrs. P. Fitzhugh, of South Washington, were guests at The Orton yesterday.

—Yesterday's Charlotte Observer: "Mrs. J. S. Worth, Mr. David Worth and Misses Frances and Katherine Worth of Wilmington, are visitors in the city. They are guests at the Central."

—Miss Phoebie Graham, who came home from Brule's Creek Academy some time ago suffering with an attack of typhoid fever, has recovered and returned yesterday to resume her studies.

—Miss Agnes McQueen, Miss Marguerite Holliday, Miss Worth and several other young ladies of Wilmington left yesterday afternoon for Spartanburg, S. C. to enter Converse College. The party was accompanied by Mr. McQueen.

OVER THE CAPE FEAR.

In Sixty Days Trains Will Be Crossing That River.

The progress of the going ahead work on the Raleigh and Southport Railroad was learned yesterday from President John A. Mills of that road, says the Raleigh News and Observer.

He states that the piers on either side of the Cape Fear River have been erected and that now work is being done in erecting the steel structure. It is expected that in sixty days trains will be able to cross the bridge and touch the edge of Lillington.

Some time in April Mr. Mills hopes to see the road completed to Fayetteville. Already ten or eleven miles of the grading has been done beyond Lillington, leaving some eighteen miles to be completed. Then go the rails and next the engine and the coaches move along.

"And after you get to Fayetteville?" asked the reporter.

"Our next cry is, on to Southport," said Mr. Mills with a smile, as he boarded an outgoing train.

RAILROAD GROSS EARNINGS.

Southern Railway Only One of Group to Show Decline.

The railroads of the Southern group continue to show a large increase of gross earnings according to latest reports, the only road to show any decrease for the last week reported being the Southern Railway. The loss is small, however, and the total earnings for the present year still show a large gain over those of the same period last year. The figures follow:

Atlantic Coast Line—Gross earnings for July, $1,689,913; previous year, $1,475,087.

Louisville and Nashville—Gross earnings for first week of September, $754,705; previous year, $733,490. From July 1 to latest report, $7,441,692; previous year, $6,877,097.

Seaboard Air Line—Gross earnings for July, $1,120,865; previous year, $971,245.

Southern Railway—Gross earnings for first week of September, $917,743; previous year, $940,809. From July 1 to latest date, $9,069,658; previous year, $8,698,478.

The Driving Association.

The track at the old fair grounds east of the city is being put in first-class condition by the Wilmington Driving Association and several amateur trotting races are scheduled for next week. It is hoped to awaken an interest here in the sport and ultimately to have some professional meets on the track.

Wadesboro Wet Again.

A private telegram received in the city last night stated that in the local option election at Wadesboro yesterday, after two years of prohibition, the town went for saloons by a majority of 53. The contest was spirited between the two forces at the polls.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Wednesday Morning, Sept. 20.

SHOULD HAVE BEEN PRESIDENT.

In the interview which Judge Parker gave out about the revelation of the fact that the management of the New York Life Insurance Company subscribed $48,702.50 to the Roosevelt campaign fund he spoke out in emphatic and impressive terms. He neatly pulls the mask off the hideousness of such civil immorality, and if there be people who are squirmish about taking "tainted money" there ought to be some compunctions of conscience about occupying positions of honor and eminence as the result of tainted ballots and corrupted elections.

What Judge Parker says ought to arouse the public conscience to the correction of the monstrous evil before the day comes when the people will rise up in their wrath and stamp it out or play thunder trying it. We are more than ever impressed that Parker should have been the President of the great American republic and do not regret in the least the support we gave that lofty and able man in last year's campaign.

The half has never been told about the use of money in our so called free elections and if the naked truth were revealed it would startle and madden the men who are laboring under the delusion that they have a voice in controling the destinies of the Republic of Washington and Lincoln.

Judge Parker's remarks ought to be read by every man and boy in America. We have no doubt his incisive observations will do good, for we are prepared to believe that President Paul Morton, of the Equitable Assurance Society, has already had his conscience quickened. In an interview on Monday, after Judge Parker's interview had been published, Mr. Morton, while refusing to say how much the Equitable had subscribed to the Republican campaign funds, declared very positively that in the future there would be no more campaign contributions by the Equitable. That clearly takes that company out of the "syndicate" of corporations and trusts which allow themselves to be assessed so much per to make up the hundreds of thousands of dollars necessary to perpetuate Republicanism and keep it where it can lay tribute on the many for the benefit of the few.

We glory in the fact that Judge Parker spoke, and we are proud of him that he felt that it was his duty to give out no uncertain sound. It was not the snarl of a disappointed Presidential candidate but the utterance of a patriot and statesman that is being heard around the Republic.

BUSINESS AND MUNICIPAL ADVERTISING.

We believe in advertising. We believe in it from a selfish point of view but we believe it most because we know its merits and value. We believe in advertising of all kinds but some kinds are better than others. The thing for a business man to do is to investigate the various methods of advertising his business, select the best and then know how to advertise or get somebody who does know how to do it for him.

Experience teaches that newspaper and magazine advertising surpass all other methods and the shrewd business men of America are finding it out and taking advantage of the discovery. We say all this in order to put in our our on the subject of municipal advertising, which is on a parallel with business advertising. The same rule applies to both.

Municipal advertising has made rapid progress in the South, and we observe that many of our cities are doing their best to attract attention to their advantages. In this connection some progressive cities have had a revelation made to them by newspaper and magazine advertising. They have quit the pamphlet and the booklet business and gone down after business through newspaper advertising. Lynchburg, Richmond, Atlanta, Charleston and our own Asheville are a few of the examples, and it is stated that is "what has made Lynchburg." These cities have utilized quarter page advertisements in newspapers and the result has been highly satisfactory. Early in the season Asheville advertised for Summer business and got it this Summer.

This is sufficient for the wise. Spend your advertising money with the newspapers. Booklets are all right but all the time that a newspaper is going under the eye of the people all over the country the booklet is on the top self with the cockroach or gray with the dust that finds its way to all the out-of-way places. However, a booklet is better than nothing.

BITS OF CAROLINA HISTORY.

The Bank of Wayne, Goldsboro, N. C., kindly sends the Star, a neat booklet which serves the purpose of advertising that staunch North Carolina bank and at the same time embodies matter of historic value that makes it worth while to be laid aside as a keep-sake. The booklet is beautifully printed on calendered book-paper and is enclosed in an attractive lithographed cover design that makes it fit for a place on the centre table. Among the matter is our soul stirring State anthem "Carolina," and following it is a succinct grouping of historical facts from the first English settlement in America, on Roanoke island, and including the most important epochs to within a recent period. A brief sketch of the early history of North Carolina, a biography of Sir Walter Raleigh, and the text of the Mecklenburg declaration of independence are among the features that make this little booklet worth preserving. We should not fail to mention that Cape Fear history has a prominent place, embracing the resistance to the stamp act by citizens of Wilmington and vicinity open handed and free and above board, prior to the masked event of similar purport at Boston.

The Bank of Wayne, turned a nice trick when it got out its booklet, and it is a stroke of enterprise that is characteristic of the progressive and safe and sound men at its head. The bank has a capital and surplus of $225,000 and is managed by an official staff and directorate composed of men experienced in financial affairs and successful as business men in various lines of industry.

CURRENT COMMENT.

—It is more than probable that Secretary Shaw is airing his Presidential boom because he thinks it will attract more attention now that it will in a couple of years.—Washington Post.

—Senator Pettigrew, of South Dakota, announces that he is "an anti-trust Roosevelt Republican." That was the only thing left. Pettigrew has already been everything else.—Baltimore Sun.

—Kermit Roosevelt was no "hero" because he gave up his lower berth in a sleeping car to an old couple and took an upper one. He did just what any boy should have done, but the act showed that he has good manners and has been "well raised."—Indianapolis Star.

—A combination of the automobile horn and the gramophone is announced. When the chauffeur desires to clear the way he presses the device and a hoarse voice shrieks: "Get out-get out-toot-toot." And nobody ever stops to call back.—Cleveland Plain Dealer.

—Secretary Bonaparte presided at a Republican meeting the other day whereat it was declared that the "Republican party demands neither social equality nor political domination for the negro." With this official endorsement the southern "Lily whites" have a warrant for again becoming busy.—Chattanooga Times.

—The Republicans tell us that they are convinced of the negro's inherent unfitness for the franchise and that they have thrown him overboard in the South. Why not in the North also? Let them repeal the fifteenth amendment and we will be convinced of the sincerity of their declarations.—Norfolk Virginian-Pilot.

—Commissioner Yerkes has issued instructions for every revenue official in North Carolina, who was indicted by the grand jury at the recent term of Federal Court at Greensboro, to be dismissed from the service. Mr. Yerkes may not know it, but he is playing havoc with some of the plans of the party leaders in this State. Let the pruning process continue. When all the decayed spots are removed from the fruit there will not be much of it left.—Charlotte News.

DANGER AVERTED.

If a man should cross a deadly snake in his pathway, he would quickly crush it beneath his heel before it could sink its poisonous fangs into his flesh. He would not step out of the way and temporize with the dangerous reptile. And yet how many people are there who temporize

with a still more deadly enemy—consumption. Like a silent serpent, it glides along almost unnoticed. First a cold, or sore throat, then a slight cough, then catarrh, then bronchitis, then bleeding from the lungs and finally death. The way to crush out the threatening evil is to fortify the system and purify the blood with Dr. Pierce's Golden Medical Discovery. Every weakness and abnormal condition that precedes consumption is cured by this non-alcoholic remedy. At the first sign of derangement of stomach, liver and blood, look out! It is only a question of time until the lungs will be attacked through the impure blood, and then the danger will be most deadly.

It should be known to every sick person that Dr. R. V. Pierce will give carefully considered, fatherly, professional advice by mail to all who write him at Buffalo, N. Y. No charge or fee of any nature is asked.

Mr. Moses Horner, of Stahlstown, Penn'a, writes: "Last fall I took a severe cold (the result of wet feet) and this brought on catarrh and bronchitis which lasted all winter. I used three bottles of Dr. Pierce's Golden Medical Discovery and two or three vials of the "Pleasant Pellets," also one package of Dr. Sage's Catarrh Remedy. I am now cured. Many thanks to you."

An honest dealer will not try to persuade you to take a worthless substitute in place of the "Golden Medical Discovery" for the sake of a little added profit.

TWINKLINGS.

—Miss Prettygirl—"Jack was in the war and my protograph over his heart stopped a bullet." Miss Uglimugg—"And Tom placed my photograph on the mantelpiece and stopped the clock."—Brooklyn Citizen.

—Jail Visitor—"I am grieved to think, my poor man, that drink brought you to this." The Convict—"Yes; if I hadn't stopped at the fountain the cop wouldn't have caught me."—Philadelphia Telegraph.

—Grandfather (enthusiastically)—Say, Willie, don't you want to go through a toy shop with me this afternoon and see all the pretty things? Willie (Indifferently)—I'm willing to, pop, if you will get any pleasure out of it.—Life.

—Willie's Mamma—Why didn't you answer me? Willie—Didn't you tell me to think twice before I speak? Willie's Mamma—Yes. Wellie—Well, first I thought I would answer you and then I thought I would not.—Philadelphia Record.

—Cruel Awakening: "Yes, pard, last night I went to sleep in de lumberyard an' dreamt I was dis fellow Scotty, flyin' along at a great rate." Sandy Pike—"Yer don't say?" Gritty George—"Yes, an' when I woke up I was flyin' along in a patrol wagon."

—Rodrick—Plunger is a wise one. He is going to build a road tavern and call it the "Garage." Van Albert—Where is the wisdom in that? Rodrick—Why, he is going to cater to the automobile class. When a man tells his wife he had to stop at the garage she won't be suspicious.—Chicago News.

—Vicar—Well, gentlemen, what can I do for you? Spokesman—Please, sir, we be a deputation from farmers down Frogland Parish, to ask you to pray for fine weather for 't 'arvest. Vicar—Why don't you ask your own vicar? Spokesman—Well, sir, we reckon 'e be'nt much good for this 'ere. 'E do be that fond of fishin.'—Punch.

—Mr. Kornersloon—"I've half a mind to start for Dawson City, Sarah Here's a fellow went up there six months ago, and has just got home with $15,000 in his pocket." Mrs. Kornersloon—"But that would never do for you, John. You can't even get home Saturday nights with your little fifteen dollars."—Judge.

THE COTTON MARKET.

New York, Sept. 19.—The cotton market was quiet and irregular, closing part of an early gain in the afternoon and closing steady at a net advance of 4 to 7 points. Sales were estimated at 175,000 bales. The opening was firm at an advance of 6 to 7 points in response to higher cables and during the forenoon the gain was increased to a matter of 9 to 13 points on scattered covering and fresh demand from long account inspired by rains in various sections of the belt and predictions for frost in northwest sections of Texas tonight. The weeks crop report of the weather bureau, however, proved rather less bullish than expected and with frost expected in the country a little north of actual cotton producing sections, the market in the late trading eased off from the top under realizing and moderate pressure from local bears. Southern spot markets were quiet and generally unchanged, one point reporting early showing an advance of 1 1-16c. Receipts for the day were considerably under those of last year, but exports were light.

Receipts of cotton at the ports today 48,693 bales against 51,345 last week and 79,177 last year. For the week, estimated 240.000 bales against 213,488 last week and 289,144 last year. is offered for the freight-car coupons on Good Luck Baking Powder can labels. Besides beautiful pieces of jewelry, the list includes attractive articles of wearing apparel and handsome things for the house. You can get them easily and quickly—and you'll be surprised at their value. Five of the premiums are illustrated above. For full description and pictures of the whole list see the little Good Luck Premium Book in each can. The positive purity, the perfect wholesomeness of

GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound. Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequaled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

SPIRITS TURPENTINE.

—The Monroe Journal says Mr. H. D. King, the oldest person in Union county, celebrated his 100th birthday on the 17th of this month.

—A charter was granted at Raleigh on Monday to the Dalton Furniture Company, of High Point, to manufacture furniture of all descriptions, the capital being $60,000.

—High Point special, on Monday: There is a family living near here that is sorely afflicted, consisting of the father, mother and nine children, all having been stricken with typhoid fever. Two of the family have already died and the others are in a pitable condition. Help from this place is being solicited in the way of clean clothes and money.

—Raleigh correspondence, Charlotte Observer: The number of students at the Agricultural and Mechanical College has reached 490 and that number took dinner Monday in the large mess hall. It would be easy to serve 1,000 students at the college if room were provided for them. It would cost about $200,000 to provide the additional domitories and lecture rooms.

—A dispatch from Asheville on Monday says: The instructions of Commissioner Yerkes, of the Internal Revenue Department, to Collector Harkins, of the Western District, that the recently indicted deputy collectors be dismissed from the service, were carried out to-day and the official heads of Messrs. G. H. Walker, A. C. Bryan and J. W. Hasty fell into the basket. These were the only remaining indicted deputy collectors in the service.

—At Troutman, near Charlotte, Otto, the 9-year-old son of Mr. F. K. Ostwalt, met death Monday afternoon at 1:30 o'clock in a most horrible manner. He was playing around his father's gin and was caugh by a large belt, which hurled him with terrible force against a large pulley, where, in the twinkling of an eye, he was crushed to death, almost every hone in his body being broken. The impact of his body between the pulley and belt tore out the stitching in the belt.

—Concord Times: Yesterday a Concord citizen had a trade dollar (worth 45 cents), made a nickel purchase at a store, and tendering his trade dollar received 95 cents in change. Later his conscience smote him somewhat and he went to the store-keeper apparently much excited and told him he had given him a dollar which he wouldn't take $1.50 for and wanted it back. The store-keeper, thinking he had a valuable coin, refused to exchange the money. Question: Where does the "ease of conscience" come in?

—Involuntary proceedings in bankruptcy have been begun against the Damask Manufacturing Company, of Roaring river, the papers being filed in the United States Court in Greensboro before Judge Boyd last evening by King & Kimball and ex-Judge R. C. Strudwick, representing the Greensboro National Bank and other creditors. The liabilities are said to be $12,000 and fraudulent conveyances of property and absconding are charged against the president. F. H. Chamberlain, of Roaring river, was named as temporary receiver, and the hearing was set for September 26th, before Judge Boyd, in Greensboro.

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—

They cure sick kidneys.

Here is Wilmington proof that this is so:

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

DRAGGING PAINS?

Read This "I had dragging pains and falling womb," writes Mrs. Ina Baytes of Sherwood, Tenn. "My health was bad and I could hardly do my work. Cardui cured me."

Women suffer agonies from pains of which men have no comprehension. One of these is that awful, bearing-down or dragging pain, which so often, in some women, forms a part of the monthly sickness, and in others continues from month to month, week to week, day to day, till death itself would often be welcomed as a relief. What does it mean? It means, probably, that your womb is bent, twisted, turned inside out, or falling down, as a result of a certain weakness of those muscular fibers, which are supposed to keep it straight and hold it in place. It means, that if you do not take immediate steps to cure this trouble you may become an invalid for life. It means, that you must lose no time, but go for relief and cure, to the one medicine which will be sure to benefit and cure you, as it has benefited and cured a million other happy, rejoicing women, viz:

WRITE US A LETTER freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We send free advice (in plain sealed envelope) how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit. Mich.

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

CAROLINA CROP CONDITIONS.

Cotton Has Shown No Improvement, But Other Crops Fair.

Raleigh, N. C., Sept. 19.—The following is a portion of the crop report of the North Carolina section of the United States Weather Bureau, concerning crop condition in North Carolina up to Monday, Sept. 18th:

There has been no improvement in the cotton crop during the past week. The warm, dry weather caused it to open rapidly, and in some places prematurely. The crop will nowhere be more than fair, and in places it will be very light. It is generally reported that there will be no top crop, owing to shedding; many correspondents state that the bolls are small and lint short; in the south-central countries and in the extreme northeastern portion the bolls are opening prematurely, owing to rust; army worms are doing considerable damage to late cotton in Beaufort, Craven, Jones, and Duplin counties.

Tobacco curing is completed in the eastern portion of the State. Cutting and curing is in progress in the central district, where the crop is reported improved and in good condition except in Rockingham county where some of it is badly burnt and specked; it is curing well, color and texture are good but the leaf is light. In the western portion, slight damage by worms is reported.

Corn improved during the past week, but late corn in some places suffered from drought, and some correspondents report that it will not mature; a poor crop is expected in the eastern, while the prospects are for good crops in the western and central portions. Fodder is about all secured in the eastern and central districts; cutting is in progress in the western. The saving of pea vine hay is under way and good yields are being secured. White potatoes have improved and digging is in progress in the western counties; sweet potatoes are doing well and good crop is promised. Peanuts, turnips, and beans are generally reported good; cabbage poor.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

INCIDENT OF WAR TIMES.

Judge Walter Clark Returns Federal Captain's Commission.

By Wire to The Morning Star

Paterson, N. J., Sept. 19.—A commission of a captain of the twenty fifth New Jersey volunteers which was lost by Captain Archibald Graham on the Battlefield of Fredericks, Va., was returned to Captain Graham's widow today by Chief Justice Walter Clark, of the Supreme Court of North Carolina. Judge Clark found the commission after the battle was over. He sent it to the State Adjutant General's office in Trenton and asked that it be forwarded to the owner. He accompanied it with a letter saying that he had intended to return it many years ago but had mislaid and forgotten it. He wrote:

"This commission was found where only a brave man could have carried it—beneath the plunging fire of the Washington artillery on Marie's Heights, just behind us and the even more wasting fire of our infantry line behind the stonewall at the foot of the Heights. We broke seven successive lines of battle to pieces at that point, for nature had made the position impregnable. I was then but 14 years of age but I remember well that my astonishment at the recklessness of sending brave men on such a hopeless mission was only exceeded by my admiration of the steadiness and gallantry of the men who endeavored to reach it. I do not know to what brigade the twenty-fifth New Jersey belonged and hence do not know in which of these charges Captain Graham shared, but I was particularly struck with that made by Thomas Francis Megher's Irish brigade whose line came up almost to the muzzles of our guns. We recognized that line by the green flag with the sun burst on it, as well as by its reckless daring. My most respectful compliments to Mrs. Graham and to her son, who, as I see is a member of the profession to which I have the honor to belong."

PANAMA CANAL CONSTRUCTION.

Consulting Engineers Hear Explanation of Two Sea Level Plans.

By Wire to The Morning Star.

Washington, Sept. 19.—The Board oc Consulting Engineers of the Isthmian Canal Commission to-day devoted its time to hearing an explanation of the plans for a canal which Mr. Bunau Varilla and Linden W. Bates respectively, has formulated.

Mr. Bunau Varilla told the board that under his proposed method a canal could be built and put into operation within five years. It could be deepened to a sea level canal within five years more. The novel feature of his plan is to construct the locks as finished first would be 130 feet above sea level. With the locks built down to the sea level depth, the work of dredging the canal could be continued without interrupting its operation for commerce. The same locks could be utilized at every depth until a sea level was reached, when the locks could be taken out.

The plan of Mr. Bates is essentially difference from that being studied by the board in the location and arrangement of the dams. Mr. Bates proposes locating the principal dams on eithe side of the Isthmus close to the sea, thus conserving the waters from the streams into two mammoth lakes.

GOVERNMENT CROP REPORT.

If Anything, Cotton Deteriorated During Past Month.

By Wire to The Morning Star

Washington, Sept. 19.—The weekly summary of crop conditions issued by the weather bureau to-day says:

While a slight improvement in the condition of cotton is reported from Oklahoma and Indian Territories and portions of Louisiana and Northern Texas the crop as a whole over most of the belt has experienced little or no change, with a tendency toward deterioration. Premature opening is extensively reported in the eastern and western districts, but only few complaints of this character are received from the central portion. Boll weevils are increasing in Texas and are causing injury in western Louisiana. A poor top crop is promised. Picking is advancing rapidly aid is nearing completion in some fields in southern Georgia.

Except in Kentucky where about one-third of the crop remains to be secured, tobacco is nearly all cut and housed. Moist atmosphere, has not been favorable for curing in Kentucky and New England, but in Virginia, North Carolina and Tennessee the crop is curing nicely.

MAN HAD TWO FAMILIES.

Son of Lumberman Who Died at Georgetown Turns Up.

By Wire to The Morning Star.

Detroit, Mich., Sept. 19.—A Free Press special from Ionia, Mich.. says:

An interesting will contest was opened here today by William Fitzgibbon, of New Haven, N. Y. Fitzgibbon affirms that he is a son of the late William Fitzgibbon, of Saranac, Mich., who died in 1904 at Georgetown, S. C., whefe he had extensive lumber interests. Mrs. Jennie Fitzgibbon, the widow, was made administrator and it was thought that she and her daughter were the only claimants of the estate. William Fitzgibbon. of New Haven, N. Y., today, filed a petition asking for a new administrator on the grounds that the deceased William Fitzgibbon, had another family by Armenia Fitzgibbon whom he is alleged to have married in 1868 at Mexico, N. Y.

MARRYING MAN IN TROUBLE.

Brooklyn Man Prosecuted for Marrying Four Young Women.

By Wire to The Morning Star.

New York, Sept. 19.—Indictments accusing Frederick E. Carlton, of Brooklyn, of bigamy in marrying four women, three in Brooklyn and one at Rochester, N. Y., were found by the grand jury of King's county today. It is alleged that he married Willetta S. Bird in this city in 1894; Lulu Kettering at Rochester on December 20, 1897; Mary J. Smith in Brooklyn in 1903 and Marie Gonman in Brooklyn in 1904. He is alleged to have used the name of William E. Rodriguez in marrying the Rochester girl. Carlton pleaded not guilty and the hearing was postponed to September 25 on his statement that he wanted witnesse from San Francisco.

DISHONEST DEAL COMES TO LIGHT

Old Management of Equitable Paid Out $1,000,000 Without Authority

BIG LOANS WERE KEPT DARK

One for 685,000, the Nature of Which Has Never Been Explained—Paul Morton Will Sue Mercantile Trust Company.

By Wire to The Morning Star

New York, Sept. 19.—That the Equitable Life Assurance Society paid out $218,264 to the Mercantile Trust Company in connection with certain loans known as "The Turner Loans," and that these payments were without authority, so far as the records of the Society disclose, became known to-day when Paul Morton, president of the Society, made public a report on the subject submitted by him by the Society's directors. These transactions occurred in what Mr. Morton refers to as "The Turner Loans." These, Mr. Morton's report sets forth, were carried in 1894 by the Western National Bank which was controlled by the Equitable Life Assurance Society. The collateral for the loans was objected to by a bank examiner and Henry B. Hyde then agreed to transfer the loan and collateral to the Mercantile Trust Company. At that time, apparently, the loans amounted to $661,491. George V. Turner, in whose name the loan stood was secretary to Louis Fitzgerald, then president of the Mercantile Trust Company and a close business associate of Henry B. Hyde. The loan was guaranteed by Marcus Hartley, John E. Searles, Louis Fitzgerald, W. N. Coler, Jr., and H. B. Hyde. On March 21, 1895, the same guarantees renewed their guaranty, the loan having grown to $1,276,478, the increase being due to attempts to develop the property on which the collateral for the loan was made. Part of this collateral was given by John W. Young and consisted of Salt Lake and Eastern Railway stock and other Salt Lake stocks. This collateral proved to be of little value. Other col- Kentucky Mineral & Timber Company lateral consisted of contracts of the and the Amity Land and Irrigation Company of Colorado. Attempts were made to develop the Kentucky property and the Colorado property and large sums were expended for that purpose, and by July 1, 1905, the cost of the Kentucky property stood at $619,067, and the Colorado property at $2,809,633, the Equitable Life Assurance Society paid the Mercantile Trust Company $218,264 on these loans on January 23, 1900 and $500,000 on February 4, 1904.

"The records of the Society, said Mr. Morton, "disclose no authority whatever for these payments and the cash enteries in hem were very obscure." also sets forth that on F 1904, the executive comm Equitable Life Assurance ed a resolution authoriz sident to convey to the uarantees of "The Turner assurances of the Society for their protection. On February 14, 1904, the president of the Society, Mr. Alexander, made a statement that these loans were made in the interest of the Society and assured the guaranteers that the Society would see that the amounts their companies loaned would be repaid with interest. Mr. Morton referred the matter to special counsel who have assured him that the Equitable Life Assurance Society is not responsible for the loans. Mr. Morton had also notified the Mercantile Trust Company that he will expect it to repay the $718,264 paid to it by the Equitable Life Assurance Society.

Mr. Morton found that $265,000 was paid by the Equitable Life Assurance Society to the Mercantile Trust Company on the $685,000 loan, the nature of which loan has never been explained. Counsel have been instructed to begin proceedings for the return of this sum. This loan was carried on an account known as the "J. W. A. No. 3 Account." Mr. Morton also reported to the directors that it would be necessary to charge off $86,488 unpaid balance of a loan to John E. Searles who has gone through bankruptcy. The collateral against this $86,488, Mr. Morton declared, is without value.

GASOLINE MOTOR RAILWAY.

New Enterprise for Newport News and Sister Cities.

By Wire to The Morning Star.

Newport News, Va., Sept. 19.—A corporation has been formed with $300,000 capital to build a railway from this city to Yorktown, with a branch line to Poquoson. It is intended later to extend the line from here to Hampton Phoebus and Old Point. Gasoline motor cars like those used on branch lines of the Union Pacific railroad will be used.

The charter is now in the hands of the State corporation commission, and the company is know as the Virginia Peninsula Railway.

The officers and directors are W. A. Post, president; J. L. Patton, vice president; O. Graves, Jr., secretary; Arthur Lee, treasurer; O. D. Batchelor, general solicitor. Directors: W. A. Post, J. L. Pattton, Arthur Lee, O. D. Batchelor, J. A. Willett, W. E. Barrett, W. E. Cottrell, Alexander B. Meyers, L. P. Stearnes, Elias Peyser, Walter Charnley, T. J. Coleman and Fred. J. Cauntlett.

PRINCESS ALICE IN KOREA.

Royal Honors Paid to Miss Roosevelt at Seoul.

By Cable to The Morning Star.

Seoul, Sept. 19.—Through streets crowded with white robed Koreans and lined by the imperial body, guard standing at "present arms," Miss Alice Roosevelt, riding in the imperial yellow palanquin, this evening triumphantly progressed from the railroad station to the American legation. The roadways had been freshly paved and the shops draped with Korean and hastily hand painted flags. The court chamberlain met the party at a half way station on behalf of the Emperor, with inquiries as to Miss Roosevelt's health. On arrival at Seoul the party was hailed by a Korean band, which played the "Star Spangled Banner." Korean policemen and Japanese gendarmes guarded the roadway and groterns. The passage of the party along tesquely clad retainers bore long lanthe streets was everywhere heralded by the bugles of troops.

HEARTLESS SHIPMASTER LOST HIS COMMISSION

Paid No Attention to Distress Calls of Government Steamer Sylph Off North Carolina.

By Wire to The Morning Star.

Washington, Sept. 19.—The failure of Captain W. H. Hotville, as master of the United Fruit Company's ship Oteri, to give assistance to the United States steamship Sylph, which was disabled off the coast of North Carolina on the night of April 12, has cost him his position through the revocation of his license by the United States steamboat inspection service.

This action was taken by inspection officers at Norfolk, Va., on September 12, and the correspondence was made public today by the Department of Commerce and Labor. The distress of the Sylph occurred while Lieutenant Evans was bringing the vessel up the coast from Florida where it had been used by Mrs. Roosevelt and her children for a cruise. It appears from the evidence gathered by the steamboat inspection service that Captain Hotville made little effort to aid the Sylph. The accusation of Lieutenant Evans and the reply of Captain Hotville do not materially differ except that Hotville offered an excuse for his action. In the inspection service it is said this excuse was the most damaging evidence obtained.

Lieutenant Evans says in his report that he was entirely helpless and the Oteri knew it. He then tells of the rescue on the morning of the 13th by the Morgan Liner El Cid which put about from her course to New Orleans. The Sylph was taken in tow but its condition was so bad that the Morgan liner was compelled to slow down from ten to five knots and later to thre knots an hour. The report of Lieutenant Evans closed with this statement: "I am firmly convinced that had the El Cid not taken us into three knots an hour. The report of would have been lost."

The report of the inspectors says the Sylph had broken down and asked to be taken in tow, and that Captain Hotville failed to slow down for the alleged reason that at the time the Sylph was spoken the telegraph system on the Oteri became impaired and there was no direct manner of sending word to the engine room for a reversal of the engines. The inspectors held that this excuse showed the master to be a man without resources and on that ground, and negligence, revoked his license.

Corruption Fund Raised to Bribe California Legislature.

By Wire to The Morning Star.

San Francisco, Sept 19—Billy Nolan, manager for "Battling" Nelson the prise fighter, has made a statement that a fund of $7,000 was raised in San Francisco to defeat the Ralston anti prize fight bill at the last session of the State legislature. He charges that Harry Corbett, with whom he had deposited $2,500 forfeit money prior to Nelson's recent fight with Britt, is holding $1,000 of the forfeit money as Nolan's share of the alleged corruption fund used at Sarcramento. Corbett admits holding the money, but said Legislators to defeat the prize fight bill.

During the last session of the California Legislature Senator Senator Ralston introduced a bill prohibiting professional prize fighting in the State. The bill passed the Senate and enough votes were pledged in the assembly to insure its passage in the House. A few days before the bill came up for consideration in the assembly a delegation of San Francisco gamblers, prize fight managers and promoters invaded Sacremento. They did considerable entertaining and when the anti-prize fight bill came up for consideration it was defeated. Then Frisco has become the prize fight centre of the country.

Nolan's charges were published here and District Attorney Seymour of Sacramento announced that as soon as he is through with the case of ex-Mayor Emmons, who is in trial for accepting a bribe. He will call the matter to the attention of the Sacremento grand jury. Nolan has signified his willingness to remain in California and testify before the grand jury.

TAIL CAN'T WAG THE DOG.

Atlanta Board of Health Bent on Seeing Its Fnish.

By Wire to the Morning Star.

Atlanta, Ga., Sept. 19.—The permanent injunction asked by the State Board of Health against the authorities of the City of Atlanta to prevent the latter's interfering with the State quarantine against yellow fever infected points, was granted by Judge John T. Pendleton, of the Superior Court to-day. After the case has taken this turn, it is believed the two State health officers, Frank Meador and Thomas Lynch, who were arrested by the city authorities, will not be tried in the recorder's court.

In rendering his decision, Judge Pendleton stated that he was called upon to interpret the law of 1903 creating the State Board of Health, and that according to this law the State Board of Health was supreme in matters of quarantine. Just before rendering his decision, Judge Pendleton stated that he would not hear Attorney General John C. Hart, as he had already determined upon his decision. Attorney for the City of Atlanta gave notice that the case would be appealed to the Supreme Court.

FEVER FIGHT AT NEW ORLEANS

Efforts to Stamp Out Yellow Jack Proceeding With Very Satisfactory Results

TOTAL DEATHS TO DATE 345

Record of Yesterday Shows 2,639 Cases—Six New Cases at Vicksburg—Yellow Fever Germ—President's Visit.

By Wire to The Morning Star.

New Orleans, Sept. 19.—The following is the official report of the yellow fever record at New Orleans up to 6 P. M. today:

New cases today, 34; total cases to date, 2,639.

Deaths today, 4; total deaths to date, 345.

New foci, 5.

Under treatment, 322.

Cases discharged, 1,953.

The daily report continues encouraging and is especially so in the matter of the deaths and new foci. Of the new cases only six are above Canal street, while the deaths are all from below Canal street. Two men who were in the Avondale detention camp, Jean Bousegoux and Archie Murray, were stricken with the fever early in the morning and were immediately brought to the city and taken to the emergency hospital. They came from the center of the infected district.

Owing to the skepticism of some communities in the States of Louisiana and Mississippi to accept freight from New Orleans, Surgeon White made the following announcement:

"If any outside communities request it, I will arrange to place on each freight car leaving New Orleans for those points an official statement to the effect that the car has been properly fumigated by the United States government and all mosquitoes that may have been in such car have been killed after the car had been loaded and closed. This should satisfy even the most skeptical."

Yellow Fever Germ.

Dr. Rosenau, bacteriorlogist of the Marine Hospital Service, has forwarded a jar of four hundred specimens of the stegomyia which he has gathered here to Surgeon General Wyman for study in the government laboratory. Dr. Rosenau says that while some proof is needed, it is not improbable that the local bacteriorologists who have been at work here have discovered the germ of yellow fever.

In the Country.

There was no special news from the country parishes. There were no new points of infection. Country reports are: Kenner, 3 new cases, one death; Alexandria, 2 new cases. Harvey's Canal, one case. Amelia, 4 new cases. Bayou L'Ounse, 3 new cases, Stross, one new case. Grand Isle one case.

There now are only six persons sick at Leeville, and one death occurred Monday. The carload of provisions sent by New Orleans merchants was distributed and the people were very grateful for them. There are now 49 cases under treatment at Clote Blanche, on Bayou LaFourche.

Jackson, Miss., Sept. 19.—The Mississippi yellow fever summary for the past 24 hours is as follows: Natchez, 2 new cases, one new focus. Gulfport, 1 new case. Mississippi City 2 new cases. Vicksburg, 6 new cases, no deaths; total to date, 41. Pearlington and Hansboro report no new cases no report from Hamburg.

President Roosevelt Visit.

New Orleans, Sept. 19.—While no word has yet been received by Mayor Behrman from the Arkansas authorities, as to whether the train of the President will be permitted to enter that State. It is expected the answer will be favorable and the local committees are to go forward with their arrangements for the President's reception here on October 24. Governor Blanchard today telephoned to Mayor Behrman his concurrence in the action taken by the citizens committee in asking the President to come here on October 24. The governor said he would be present to assist in the reception.

General W. J. Behan, president of the Louisiana Immigration Mission, composed of planters is holding conference with Dr. White, with a view to sending of immigrants to the sugar fields. Dr. White will aid the planters, provided the immigrants are carried through the city in screened cars which plan it is intended to follow.

Natchez, Miss., Sept. 19.—Two new cases of yellow fever were reported today, one being that of Postmaster John P. Walworth a member of an old family and in the heart of a residence district. The other patient is a negro woman. Eleven cases are under treatment, all being of the same mild type which has characterized the fever since its inception here.

Six New Cases at Vicksburg.

Vicksburg. Miss., September 19.—Six new cases of yellow fever appeared here today. There have been 41 cases and five deaths.

Situation at Pensacola.

Pensacola, Fla., Sept. 19.—One new case of yellow fever developed here today, the patient being within the infected district. He has been ill for several days, but it was not until tonight that he was reported officially. The summary of the cases is: Total cases, 44; deaths, 9; under treatment, 3. No vessels for points up the coast are now allowed to leaves the port with freigh unless they go into quarantine por a perior of five days.

UNIVERSAL PEACE CONGRESS.

Americans Again Present Proposition for Hague Conference.

By Cable to The Morning Star.

Lucerne, Switzerland, Sept. 19.—The universal peace congress began its sessions to-day in the theatre of the Kursaal, with 340 delegates in attendance.

B. F. Trueblood, of Boston, read the report of the American delegates who presented a proposition analagous to that recently adopted by the interparliamentary congress at Brussells favoring a second conference at The Hague for the purpose of drawing up an international arbitration treaty and also favoring periodical congresses for the discussion or questions relating to the limitation or reduction of armaments and the protection of neutral commerce against belligerents. The opening session was devoted mainly to organization. Elie Ducommum, of Berne, was unanimously elected president of the congress.

WARM WIRELETS.

In New York yesterday Lazard Freres engaged $1,750,000 and the National City Bank $1,000,000 gold for import. The gold will come from London.

It is announced from San Francisco that the Herrera-Hanlon match will take place, both men having signed the articles. Forfeits of $500 are to be posted and a $1,000 side bet will be deposited. The papers call for a meeting on October 17th at the Pacific Athletic Clug of Los Angeles.

Governor Vardaman, of Mississippi, yesterday addressed a letted to Governor Cox of Tennessee, asking him to amend the call issued by him for a quarantine convention to be held in Chattanooga in November so as to permit each college and university in the South to send three delegates.

The Wille-Rublin fight advertised to take place at Salt Lake City, Utah, next Tuesday night will be prohibited by the county authorities, notwithstanding Mayor Morris has issued a permit for the fight. On advice of the county attorney, Sheriff Ettery yesterday served notice on the promoters of the fight that arrests would be made if the men came into the ring.

Information has been received at Fort Levenworths, Kan., that Lieutenant Sydney Burbank, Sixth Infantry, U. S. A., who left tnere for the Philippines in February, is to be court martialed. Lieutenant Burbank is the officer who brought suit in the district court at Levenworth to annul an alleged marriage with Miss Conceptio Vasquez, a Filipino woman. The suit is still pending covering a period of nearly two years and is set for trial in October.

State Attorney General Mayer arrived in New York yesterday, intending to interview members of the legislative insurance investigation committee and its counsel. Regarding the political funds paid by life insurance companies, it was reported that the Attorney-General had been informed that the money so paid out would be restored to the insurance companies, but that this would not necessarily prevent him from taking any action he might think proper.

SUICIDE OF S. A. L. EMPLOYE.

Took Laudanum and Wrote His Wife a Note.

By Cable to The Morning Star.

Montgomery, Ala., Sept. 19.—Chas. M. Shear, a young man of Jacksonville, Fla., took his own life by drinking laudanum to-day at the boarding house of Mrs. Baggett, on the Woodleigh road, in Bogue Homme, a suburb. The dead man left the following note:

"My darling wife: As I write this, I am nearly in the sweet bye and bye and when this reaches you, I will be there. You remember, I tried this once before. All I ask of you is to tell my mother at 202 Bay street.

"As ever, your own,

"CHARLEY."

Through the Seaboard Air Line office, by which railroad company he had been employed, it was found that he has a brother in Jacksonville. A telegram was sent to him advising him to the death, and the answer was "Bury him there." The brother was not in Jacksonville. To-night a telegram was received by Coroner Tice from the Jacksonville office of the Seaboard Air Line authorizing him to give the body a decent burial at the expense of the company.

GOV. GLENN IN NEW ENGLAND.

Spoke of War Period And Invited Northerners South.

By Wire to The Morning Star.

Exeter, N. H., Sept. 19.—Governor Robert B. Glenn, of North Carolina, was one of the principal guests and speakers to-day at the opening of a two-days carnival in this town. With Governor Glenn were L. H. Bailey, of Texas, and W. E. Christian, of Georgia, who also spoke.

Governor Glenn devoted much of his speech to the civil war period and to a defense of the position taken at that time by North Carolina. He thought that the warmest love and sympathy should exist betwen the North and South and asked that New Englanders go to the South rather than to the West.

Governor Glenn and party left tonight for St. Johnsbury, Vt.

REVOLUTION IN COLOMBIA.

President Reyes Declares Himself Dictator and Palace Attacked.

By Cable to The Morning Star.

Panama, Sept. 19.—Unconfirmed reports reached here to-day to the effect that General Raffael Reyes, president of Colombia, declared himself dictator on September 8th, and imprisoned the members of the Supreme Court at Bogota. Mobs angered by this action attacked the presidential palace, and were fired on by troops who killed or wounded many of the rioters. The reports say that revolutions have been started in Antiquie and Santander.

HOYT'S "BUNCH OF KEYS."

Sparkling Comedy Coming to Academy To-morrow Night.

The keynote of the fun in Hoyt's "A Bunch of Keys" which will be presented by Gus Bothner at the Academy to-morrow night is cleanliness. Its humor is the good homely American kind while its wit is the repartee of a clever mind. The nasty French farce has not been transplanted in America when Charles H. Hoyt gave us "A Bunch of Keys," so that comedy had to depend upon legitimate methods for success and not upon suggestiveness or indecency. "A Bunch of Keys" is still a reigning attraction while the French farce has been rejected as unfit for our audiences for a whole generation. "A Bunch of Keys" has furnished amusement and in the hand of a wakeful management, it seems good for another generation. Gus Bothner takes pride in presenting the favorite old farce comedy gem on a generous scale, and its successful tours each season attest the fact that his efforts are appreciated. This season he has outdone himself and "A Bunch of Keys" will seem almost like an original production. New comedy situations have been introduced to add to the general hilariousness, bright and catchy songs have been interpolated to add to the general entertainment and clever comedians, singers and dancers have been engaged to give a careful and ambitious interpretation of the comedy. An evening of mirth, melody and merriment is in store for our audiences when "A Bunch of Keys" comes to town. It is safe to assume that Bothner's greater "A Bunch of Keys" will receive a rousing welcome.

The sale of seats commences at Plummer's this morning.

IN MEMORIAM.

Navassa, N. C., Sept. 19, 1905.

Ned Meares, colored, died at his residence at Navassa Sunday, Sept. 17th, at 4 P. M. He was born in 1852 and was consequently about 53 years old. He has been employed by the Navassa Guano Co., ever since the factory was built, and has always been faithful in the discharge of his duties and was well thought of by his employers, Mr. W. D. Watters, Supt., and Mr. B. S. Reynolds, who showed their appreciation of his worth by shutting down the factory during the funeral. The funeral was conducted by Rev. C. Miller and Rev. C. V. Richardson at Mt. Calvary A. M. E. church at 3:30 P. M. Monday.

We return our thanks to the good Supt. and boss, and we pray for his success in whatever he may do, and hope he will prosper. We now ask that a copy of this be sent the bereaved family by the committee on memoirs. What glorious promises are held out to those who spend their lives in doing good and having a part in Christ's sufferings. They go through faith with him on high. In the sphere to which they are removed they are like the stars set in the tranquil sky. They are together in Heaven shining on each other with a radiance reflected from the Lamb who is the light thereof. Respectfully submitted, Rt. Rev. C. Miller, Rev. C. V. Richardson, Rev. J. A. Quince, W. D. Lane, J. T. Hayes, John Toomer, Scipio Pierce, T. H. Purdle.
